

# SMART LED BULBS

Crompton Smart LED Bulbs are perfect for indoor applications due to their compactness and excellent lighting efficiency. These Smart LEDs offer 85%\* energy saving and upto 10\* years of long life and can be utilized in situations where lamps are visible. They are superior replacements for incandescent lamps (GLS) and CFL direct fit lamps.

3W / 5W / 7W / 9W / 12W

## APPLICATIONS

(For indoor use only)

**Home:**  
Living room,  
dining room  
and hallways.
